"... We were looking for an agent to help list our 5000 square foot light industrial warehouse and came across Calvin from a few listings in our area. From the very first phone conversation we found Calvin to be very well versed in the current market conditions... Calvin came up with a marketing plan, guided us into the correct price point for our units and then held several open houses. As a result of his knowledge and efforts we received several offers on our warehouse and were able to select the best option. We feel that signing with Calvin helped us to navigate through the sale of our warehouse with the least amount of headaches and stress that can arise while dealing with banks, lawyers and purchasers. I would highly recommend working with Calvin for any commercial real estate sales or lease options. Calvin is well organized, knowledgeable, and highly motivated to sell or lease your property. Any further questions feel free to give me a call."
